

# MATIN HABIBIAN

## EXPERIENCE

### 2023- Jun 2025

Elevate Seminar Presenter • Seminar Presenter: Developed exceptional communication skills with a wide range of audiences

### Nov 2024 – Present Day

Private Tutoring Contractor • Alchemy Education, Superprof: Delivered online and in-person tutoring in Mathematics and Programming, improving students' academic performance and coding skills.

### Aug 2025 – Present Day

Software Engineering Grad - AI Trainer • Hatch: Evaluated and refined AI-generated code responses to enhance LLM performance, strengthening technical and analytical skills in collaboration with leading AI labs.

## EDUCATION

### University of Adelaide (2023-2026)

Bachelor of Engineering (Honours) (Mechanical) with Bachelor of Mathematical and Computer Sciences University of Adelaide, SA | 2023 - 2025 (Transferred)

Bachelor of Computer Science (Artificial Intelligence) University of Adelaide, SA | 2025 – 2026 (Expected)

## PROJECTS

### Personal Portfolio Website | HTML, CSS, JavaScript:

Interactive and responsive portfolio website showcasing projects, and technical skills

**Terminal Farming Simulator | C++:** An interactive and idle text-based farming simulator demonstrating object-oriented programming principles and multithreading for efficient game state management.

**To-do List Wheel Spin Game | C++:** Console-based wheel spin game employing probability and randomization algorithms with a user-friendly UI. Saves to-do lists and allows for alterations during run-time.

## ABOUT ME

My name is Matin Habibian, I am a computer science student at the university of Adelaide. I am majoring in Artificial Intelligence but am also very passionate about software development and engineering.

I have become proficient in C++, C, HTML/CSS/JavaScript, and MATLAB. I am now passionately seeking internship opportunities to apply programming skills, enhance my practical experience, and contribute effectively to innovative AI and software projects.
